Subject: Letter of Recommendation for Terry Booze Construction (TBG)

To Whom It May Concern:

My interactions with Jesse Naylor and the roofing division of Terry Booze Construction were extremely satisfying. Jesse accommodated our circumstances and made sure the work was completed efficiently and promptly. He thoroughly explained what the roofing process would entail and made sure I all my questions and concerns were answered. His understanding of the insurance process was a real plus and made my job easier in dealing with the insurance company.

The roof at University Heights United Methodist Church (UHUMC) has a very sharp pitch. It makes one appreciate the excellent job the craftsmen did and that they completed every detail that was quoted. They even made sure to pick up any trash on the ground.

I highly recommend Terry Booze Construction's roofing division for any roofing needs. If the rest of the company is like their roofing division and if the rest of the staff are like Jesse, I would strongly recommend them for any construction need.

Sincerely,
